The exhibition will be held on **May 20–22, 2026**, at “**Tashkent Pharma Park**,” with the official support of the **Ministry of Health of the Republic of Uzbekistan** and the **Pharmaceutical Industry Development Agency**.

The event will feature key international participants from India, China, South Korea, and other global markets. As the regional pharmaceutical market demonstrates rapid growth, our exhibition is designed to serve as a pivotal platform for strategic dialogue between international manufacturers and local distributors.

Why is participation in “Pharma Eurasia & MedTech 2026” valuable for Turkish companies?
